Space is limited.**

## Pediatric Update:

# Prevention, Assessment and Treatment in Childhood Obesity: Recommendations from the AMA Expert Task Force on Childhood Obesity

## A Video Teleconference

In 2005, The American Medical Association with funding from Maternal and Child Health Bureau and The Centers for Disease Control and Prevention convened an expert task force to address the issues related to the prevention, assessment and treatment of childhood obesity. This expert task force represented over 12 national organizations dedicated to the health care of children.

This teleconference will present the task force's recommendations and will focus on how to implement these recommendations in both community and clinical settings.

### **Continuing Education:**

Physicians: Approved by the University of Alabama for 4 hours of continuing medical education units.

Nurses: Approved by the Board of Registered Nursing for 4 contact hours.

Dietitians: Continuing education accreditation has been approved for 4 hours from the American Dietetic Association.

San Mateo County CHDP Program
